Dear Parents of CLCA Girls Basketball Players,

It has finally turned to November and the basketball season is coming soon. While games will not start until December, practices will be starting next week. November practice times and dates are included at the end of this letter.

Our main goal with our basketball program is to help our athletes grow in their basketball playing ability. Not only do our players grow during games, but more importantly, they grow during practices where coaches can spend focused time teaching them the game of basketball. Many players also grow through the work they do on their own at home to improve their skills and/or through basketball camps they choose to attend.

This year, we have a total of 13 girls in grades 5-8. Typically our A-Teams are made up of 7th and 8th grade girls, while 5th and 6th graders make up our B-Team. However, due to smaller numbers in the upper grades, our 6th graders as well as two 5th graders will help fill out our A-Team as needed for practices and games.

At CLCA, we are blessed to have a large number of boys (we will have 4 teams this year) and enough girls to fill both the A and B Team rosters. There are many schools in our conference that are envious of our situation, as they cannot field teams at every level. You will notice on our schedule that some nights, only the A girls will play, while other nights might only be our B girls. This indicates that the opponent does not have a team at the other level.

Thank you for patience and understanding as we try to make basketball as much of a growing experience for our athletes as possible.

In Christ's service,

Mark Holcomb (CLCA AD)
